

AIR & WASTE MANAGEMENT
ASSOCIATION

2nd
Annual

STUDENT ENVIRONMENTAL CHALLENGE

READY TO SHOWCASE YOUR RESEARCH?

When: April 1st, 2023 10:00am - 12:00pm

Where: Virtual

The Alaska Chapter of A&WMA is excited to host an opportunity for local college students to showcase their environmental research. All environmentally themed projects from both undergraduate and graduate students are welcome.

What you need to know: Individual students or a group of students (max. group of 4) will be given 10 minutes to present their projects with 5 additional minutes for a round of questions. Each presentation will be judged on the quality of research, the creativity of the topic, and the participant's presentation skills. Projects may be in progress at the time of the Challenge, but partial results and anticipated steps moving forward should be addressed during the presentation.

Registration: Please submit a short (150-word limit) abstract by March 22, 2023 to Holly Hansmeier at holly.hansmeier@alaska.gov. Include your name, affiliated university, department, and advisor (if applicable).

For more information on the Air & Waste Management Association and the Student Environmental Challenge please visit: <https://pnwis.org/alaska/>

*Prizes for Challenge
Winners!*
